The Island Says Goodbye to Roosevelt School

As we all know Roosevelt Elementary School will soon be closing. Originally established in 1923 and called the Third Ward School, until renamed after WWI for President Roosevelt,

Roosevelt School has taught countless students. Though the doors won't be opening this fall, those touched by the school are left with many memories—some have been shared below and on page 6.

Every December the students at Roosevelt make poinsettias and walk through the island spreading cheer by taping the poinsettias on neighbor's doors. It is one of the neighborhood's favorite traditions. —Erin Elliot, December 2022.

I remember those "early" years for me when we still had lunch in the gym!! The little "kitchen" off the gym was used to get the food ready. My class had Phy Ed right after lunch recess. I always felt badly for my kids when they'd have to be down on the floor for warm ups and there might still be some errant peas or other food scraps missed by the custodian! —Mrs. Reader, 1986

I remember the end of the year Girl Scout activities in the gym. We crossed the bridge to our next level and shared cake, songs, and conversation inside before running outside to the playground. The playground was the older metal one that sat behind the building where the gardens now grow. —Beth Schmid

When my daughter Christina was in 4th grade (1999), I was volunteering at school. Christina was born a rule follower and never gave me or her teachers a hard time, ever. Except ONE time where the librarian had to report to us that she stood on a coffee table in the library. The librarian asked her if she was allowed to do that at home and Christina said "Yes!!" The librarian knew we would want to know about her behavior and we did, but her dad and I got so upset since it was so out of character that the librarian had to talk us down from the ledge. She is now a cardiac surgical nurse so ended up ok! —Cari Lendrum

My father attended Roosevelt School as a young boy, born in 1916. I attended k-6, so did my youngest daughter. —Judith Catlin

Bridge Opening!
Mayor Don Merkes of Menasha assures us the bridge will in fact open. Believe it or not! He gave us a projected open date for the second week of April. That is just around the corner! We cannot wait!

Resident Spotlight: Aimee John

I grew up at 404 Nicolet Blvd in the Christian Walter House. My siblings and I were born and raised on Doty Island and I have many fond memories. I have lived on Doty Island for a total of 46 out of my 48 years. I moved out for a little while and eventually found my way back to the same block where I was raised. I currently reside there now with my husband and my son. We raised our three kids in our house and our two girls have since recently moved out to begin their next chapter. I live next door to my sister so it's nice to be in the same neighborhood where so many of our memories were made.

I went to St. Patrick's Catholic School before transitioning to Butte des Morts Middle School by 7th grade and stayed in Menasha public schools until I graduated.

Some of my most favorite memories as a little girl would be riding my bike and roller skating in circles for hours in our huge driveway. I used to do cartwheels off of the granite stone wall that surrounded the perimeter of our raised yard. I loved being outside and often found activities to do by myself. Another favorite memory I have is dressing up in the best made costumes (made by my mom) such as ET, Rainbow Brite, and many others and trick-or-treating up East Forest Ave and Nicolet Blvd. People everywhere with their kids and truly such a great memory. I was able to do the same and create this same memory for my kids and now my grandkids as they get older. I also remember going to the duck pond with my grandma and thinking that was such a big hill to roll down while she sat and watched. One more of my greatest memories is being married in Smith Park.

We couldn't have asked for a better place near us to create this memory.

I really love living on the Island. It's a great place to raise a family. It's a beautiful place to go on walks and ride your bike; these are a few of my favorite activities to do now on Doty Island. I love that I have core happy memories each time I get out and ride, it's like living in the past while living in the present. There are so many great things to say

Fox Valley Counseling and Diagnostics

Welcoming and professional are two words to describe Fox Valley Counseling and Diagnostics located at 301 Nicolet Blvd. When you first enter the building, office manager Heidi greets you with a warm smile, and you immediately relax and feel comfortable. The professional staff includes therapist Lisa Randerson and psychologist Dr. Nikolaus Werner, who provide multiple services for their clients. Lisa works with clients with trauma related concerns, marriage and couple issues, women's health, adolescent behavioral issues, as well as pre-teen and adults with mood, anxiety and substance abuse disorders. Dr Werner deals with trauma related issues such as post traumatic stress disorder along with treating depression and anxiety disorders. Dr Werner provides comprehensive psychological evaluations for clients six years old and up to diagnose such areas as attention deficit disorder or learning disability. He also provides mental health evaluations for the court guardianship program. Even though Lisa and Dr. Werner have separate practices within the building, they often refer clients to each other depending on the client's needs. Sometimes a client will prefer a male or female therapist and this can be accommodated. Both Lisa and Dr. Warner use the word thrive when talking about their clients. Their mission statement emphasizes what they believe is essential to help their clients deal with the sometimes very stressful and challenging journey of life.

"Fox Valley Counseling aims to provide individuals with a warm and genuine experience."

We know that life can bring about

challenges and we are here to help. We provide psychotherapy and psychological services for individuals seeking help to gain insight into mental health or psychological problems, work towards personal goals or overcome many of life's challenges. We provide in person or telehealth mental health services in a safe professional and confidential setting."

Doty Island Images

Each package contains 8 notecards.

Each card has a different image of Doty Island. Size: 4.25" x 5.5".

Thank you for supporting the Doty Island community!

Backyard Chickens on the Island—Here to Stay

Welcome to the Island, ladies!

Yes, they're here now in Menasha, too.

Ordinance O-1-23 was introduced in February 2022 by Menasha Aldermen Austin Hammond, 4th District, and Tom Grade, 6th District. The ordinance was finally passed - but not without a little clucking beforehand.

The motion was originally deadlocked with a 4-4 vote, resulting in Mayor Don Merkes breaking the chicken shuffle, with an aye vote and the passage of the motion with a final vote of 5-4. Jubilation in the Chamber! Ordinance O-1-23 was passed February 20, 2023.

Menasha has joined the flock, with Neenah being the first in the Twin Cities (Neenah-Menasha) to approve chickens. In comparison, Little Chute remains firm with a no-chicken policy but Fox Crossing, Harrison, and Appleton do allow the cluckers. Doty Island will now welcome chickens to its menagerie of Island animals. But let's first clarify some of those old assumptions about chickens.

Did you know the term for a laying chicken is a layer? No, really. (Adult laying hen.) Hens will lay eggs with or without a rooster as long as they have the correct nutrients. The eggs are considered infertile with no rooster to assist. (No rooster, no chicks.) We won't

go into the biology of it but please see your local middle school science teacher for further explanation.

The chickens now allowed in Neenah-Menasha are all layers, as dictated. The restrictions and rules for all this chicken ownership are firm: No chicken coop in the front yard; no breeding of chickens allowed; no eggs or chicks can be offered for sale; and there is no killing of chickens within either city limits. Also, a license must be issued to have chickens on your property. In Menasha the license will cost \$7/flock. Neenah limits their residents to four chickens per flock. Menasha will vote on a proposed six chicken limit at the April 15 Council meeting.

But one may ask, *"What about the noise?"* As Alderman Hammond points out, the initial

concerns about noise pollution are not well-founded, "Chickens in conversation do not match the louder decibel rating that barking dogs emit. Additionally, hens clucking can be surprisingly comforting, says Dr. Lori Marino, in her 2017 article "The inconvenient truth about thinking chickens." Chickens are highly social beings, she states, and the buk-buk-buk is part of their need to maintain a cohesive group. The contented chicken noises of a community of foragers are characterized by soft, low, tuneful gurgles and grunts (McGrath et.al.).

So welcome to the Island, ladies! We hope you find our Doty Island world comfortable and pleasant as can be. No need to cross any roads: you'll find everything you need right here.

LIST OF ITEMS FOR SALE & OTHER COMMENTS:

Multi-Talented Custom Creator Calls Island Home

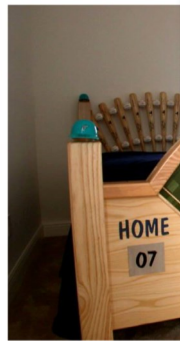

In Island Plaza, located at 407 First Street, Todd Nerenhausen has his studio. It's not obvious from the street view, but Todd's business is custom furniture, cabinets, and construction of food trucks. Todd has a diverse range of talents and it comes from his upbringing on Doty Island and the time he spent in Fort Lauderdale, FL.

Todd grew up on the west side of Doty Island; his mom was raised at the end of W. Forest Ave. In grade school he attended Menasha public schools. When he got older, he participated at the Neenah Brigade where he learned how to sail and dive. That experience allowed him to move to Fort Lauderdale, FL (1985) and worked as a sailboat rigger, which included creating custom yacht furniture—mostly nautical and tropical themed. Using natural hardwoods and custom dyed-woods, Todd created custom inlays in his projects. He finishes each piece to emphasize the natural grain of the wood. Talking to him, it is obvious he has a passion for the art he creates. You can check out his

wood projects on his Facebook page: ToddartLLC.

In 2006, Todd began coming back to Wisconsin to teach one-month classes at Brigade sharing all he had learned from his personal experience—sailing, diving, and woodworking. Now, living full-time in his childhood home, he works as a Facility Maintenance Manager for St. Paul Lutheran Church and backup for the ED Smith Building. With the food truck craze, he has picked up a new love: outfitting food trucks. To date, he has fully outfitted four well-known food trucks: Caribbean Taste, Locally Sauced, and two for On the Fritz Concessions. He is part of the Northeast Wisconsin Food Truck Association.

There doesn't seem to be much that Todd can't do. If you need custom furniture, call Todd. If you need help with your yacht, call Todd. If you need your food truck outfitted...well you get the idea.

Farewell to Roosevelt Elementary: Remembering the Past

I grew up on Doty Island with my brother and sister. We all went to Roosevelt School in the early 50's.

I remember shooting marbles alongside the building. Wonderful School! -Jean (Zarnoth) Niemuth

Phil Johnson, principal at Roosevelt in the late 80's early 90's used to climb the gym ropes. from bottom to top AND ring the bell! Always a trip!! – Kay Horan

The giant slide on the playground!

Elizabeth Holz, 1963

"What fond memories we have of the youngsters from Roosevelt School as they participated in the School Tours to Doty Cabin. What a perfect complement to their 4th Grade study of Wisconsin History. The location was perfect for them, as students hiked, biked and frolicked their way from the school yard to the Cabin, just a few blocks away. They were always very well-prepared for the tour, much to the delight of their teachers!" - The Doty Cabin Docents

My first time teaching 1st grade was at Roosevelt School. I went to pick up my students from recess; they weren't there. Looked all over the school. Miss Rose Ann Blair hid them under her 5th grade students' desks. I looked into her room, she looked over to me and just kept teaching. Students just kept working. Finally, I got back to my classroom and the kids came marching in, happy as larks. Rose Ann was smart, strict, and fun. —Sue Vine, 1980-81

I was in 5th grade, on Friday, November 22, 1963, when Principal Loren Graunke entered the classroom and took aside our teacher, Miss Lichtenberg. She broke into tears and announced that President Kennedy had been assassinated. We gathered our belongings and went to the gymnasium, where we all knelt on the floor and prayed. We were allowed to leave school early that day. The fact that our teacher gathered us together to pray, is a memory I will cherish and never forget. - Monica (Schweikl) Taylor

I remember in 2002 - 2004, we participated in a fundraiser called "Soupster", in which businesses and organizations made and served up their soup creations and were judged. Bonnie and I made "Mulligatawny" at least twice, and won the judges' choice trophy once.
Wally Bergstrom

As a parent, some of my favorite memories... Arline DaBill, resident that lives across the street from Roosevelt standing at the door, greeting, and giving hugs. Being a guest reader in my kid's classrooms. Field Day fun and the 4th grade bike ride in the community (as a chaperone). Daily Pledge of Allegiance. The best teachers: 1st - Mrs. Michlig/Mrs. Reader, 2nd - Mrs. Hager, 3rd - Mrs. Ruthven, 4th - Mrs. Bohannen, 5th - Mr. Schultz. My mother also went to Roosevelt in 1939!! —L. Miranda

Officer Emil Zimdars, Island Policeman, helping children across Commercial St. in 1946. He was named the most courteous policeman in Neenah and Menasha by the Neenah Kiwanis Club in 1938. Crossing the street is Miss Rhea

Pedersen and her Roosevelt School first graders. Neenah Police photograph collection. - Taken from Neenah Historical Society Flickr

Replacing Logs on Doty Cabin—Jan 2023

We have great news to share! The Doty Island Development Council (DIDC) has recently received a \$5,000 grant from the *Helen Hardt Family Fund* within the Community Foundation for the Fox Cities Region. The Neenah Parks & Recreation Department will use the grant money to support the replacement of logs on Doty Cabin (located within Doty Park, Neenah, Wisconsin).

<https://www.ci.neenah.wi.us/150-year-celebration/>

Since March 13, 1873, we've celebrated the City of Neenah as an incorporated community. Watch for information about historical tours, the Neenah Arts Council photo contest, the City of Neenah Police Department commemorative coin hunt (year-long), a community trivia event, a bike tour and much more!

Annual Meeting: December 9, 2022

DIDC held the meeting at the 2022 Annual Meeting at the Whiting Boathouse and provided hors d'oeuvres. Club Liquor generously supplied the libations. DIDC handed out two Longevity Awards: Michelle Lynn for 15 years and Scott Francis for 20 years of Board membership. Ron Klatt was awarded the Mike McKinnon Award, pictured, for his tireless ambition to ensure community history is preserved.

NMFR Santa Float Sponsorship

Have you heard? The Neenah-Menasha Firefighters Charitable Foundation is fundraising to replace their Santa Float. Last November/December Santa and his Reindeer spent 10 nights of traveling the streets of Neenah and Menasha. They covered approximately 150 miles and spread holiday cheer for nearly 30 hours. This year they will be upgrading their float for a much needed update! Due to the support of its residents, as well as receiving a grant from Avery Dennison, the Doty Island Development Council was able to donate \$2,500 to sponsor the Elves' Workshop.

DIDC Donates to Youth Go

Every year the DIDC chooses a charity for their Mowry's Table Fundraiser. In 2022, the board chose Youth Go as the recipient. We collected \$1,043 from the community and we matched \$1,000. On Tuesday, January 24th, DIDC Board Members presented a check for \$2,043 to Kelly Hicks, the Director of Youth Go. Thank you to everyone that contributed to the Mowry's Table Fundraiser. BELOW (Left to Right) are DIDC Board Members presenting the check to Youth Go: Mark Mayer, Kelly Hicks (Youth Go Director), Dani Rand, Ron Klatt. Taking the Picture: Scott Francis.

DIDC Name Change Proposal

Here at Doty Island Development Council we are looking at the future and have been toying with the idea of a brand refresh. We don't feel like our name, Doty Island Development Council, really exemplifies who we are or what we do in the community. Some ideas we have had are: Doty Island Neighbors, Inc, Doty Island Council, Doty Island Community Council...Do you have any ideas for new names that fit us a bit better? Any feedback on a possible change? Please email us at stephaniec@dotyisland.net

Winter Gala February 2023

DIDC was a sponsor of the Winter Gala this year. The event had been moved to the Smith Park Pavilion allowing a much larger warming space with room for activities than previous years. Propane heaters, hot chili (provided by NM Fire Dept), and hot chocolate kept attendees warm. The event collected \$500 in cash that was donated to Neenah-Menasha Fire Rescue for the new

Santa Float. Ron Klatt and Florence Bruno picture left.

Doty Island Raffle Fall 2022—

Winner Chris Peterson

In 2021, DIDC commissioned Clever Cuts N Carvings (Merill, Wisconsin) to create a 3D cutout of Doty Island showing the surrounding bodies of water. This one-of-a-kind art is laser cut from reclaimed wood. The size of the art is 20" x 20". There were only 400 tickets available. The winning ticket was drawn at the annual meeting at the Whiting Boathouse. Here is a picture of the winner, Christopher. The prize was delivered to his home on December 9, 2022
